PINT OF SCIENCE

14
MAY

TECH ON ME

From electrically stimulated wound healing to how closely gummi bears taste like real fruit, come and hear from Freiburg's cutting edge scientists, and check out what technology can do for you!

15
MAY

CELL FOOD

Tonight we learn what vitamins blood cells need, what fuels our immune cells and how epigenetics control complex diseases, because sometimes soul food is not cell food! Come enjoy some pints and talk with local scientists!

16
MAY

MIND YOUR HEAD

Come and explore the inner workings of the mind, as tonight we dive into the structure of nerve cells and examine the specific immunity of the brain! And have a pint, it won't do too much damage to your brain cells...
